

ABDUL HAI ABID

SOFTWARE ENGINEERING STUDENT

+92 300 5173935 abdulhaiabid50@gmail.com linkedin.com/in/abdulhaiabid Islamabad, Pakistan

OBJECTIVE

I'm a passionate Software Engineering student. I specialize in frontend development (HTML, CSS, JavaScript), object-oriented programming and data structures and algorithms. I'm eager to apply my academic skills in practical world internship. I aim to contribute to meaningful projects while learning from experienced professionals in the industry. Looking for an opportunity to grow, innovate and make a tangible impact.

EDUCATION

BS Software Engineering

National University of Modern Languages

2024 - Present Islamabad

Intermediate in Computer Science

Govt. Sarwar Shaheed College

2022 - 2023 Gujar Khan

Matriculation in Science

Govt. M.C. Boys Higher Secondary School

2020 - 2021 Gujar Khan

PROJECTS

Sep – Oct 2025

Food Trading Website

Designed the frontend of a marketplace platform for food trading. Focused on clean layout, product listing components, and user navigation. Emphasized usability and scalability for future backend integration.

May – Jun 2025

AI Chatbot (Frontend)

Created an interactive chatbot interface using React, styled components, and event-driven logic. Simulated intelligent responses and integrated with mock AI services to demonstrate conversational flow.

Feb – Apr 2025

Responsive Landing Pages

Designed and developed visually appealing landing pages using HTML, CSS, and JavaScript with full responsiveness across devices and optimized for fast load times and user engagement.

Feb – Apr 2025

Login and Signup Forms

Built secure and user-friendly authentication forms with real-time validation and error handling. Integrated frontend logic with backend APIs for seamless user registration and login experiences.

STRENGTHS

- Programming Knowledge**
Strong programming fundamentals and grip in several programming languages
- Frontend Development**
Expertise in frontend development with a focus on UI/UX
- UI/UX Awareness**
Understanding of color theory and attention to detail
- Problem Solving**
Effective problem-solving skills and self-motivated
- Team Collaboration**
Ability to work collaboratively within a team
